

ANQ Congress Tokyo 2009
September 15-18, 2009

"Prosperity through Quality -The ANQ Way"

Current status of the preparation on "ANQ Congress 2009 Tokyo" "Prosperity through Quality - The ANQ Way"

September 15-18, 2009

Tomomichi Suzuki, Chair of the Congress Committee

JSQC is in a state of hyperactivity preparing for the successful conduct of the "ANQ Congress 2009 Tokyo" so that the participants get the most value in terms of:

New thoughts and ideas in pursuit of quality management relevant to their profession

Developing new friendships with people from diverse background

Experiencing diversity of Asia at one place and how to convert this into a strength through unity of purpose

Contributing on the basis of their experience to enrich the lives of people in the whole of Asia

Even under severe economic conditions with the cooperation of all members of ANQ it has been possible to develop a unique program that may be of interest to diverse interest groups. The key features are:

Numbers of submitted papers: Highest number in the ANQ history. This will include interactive Poster Sessions too.

Countries /regions to be presented: 20 number, highest in the ANQ history. Includes

Bangladesh, China, Chinese-Taipei, Hong Kong, India, Indonesia, Iran, Kazakhstan, Nepal, Pakistan, Russia, Singapore, South Korea, Sweden, Thailand, Turkey, the United States, the United Kingdom, Vietnam, & Japan,
